The parties agree to form an In-Service Committee to propose and plan local institute days. The Union shall annually appoint seven (7) members (which shall include at least two (2) Classified staff members and two (2) Lead Teachers) to the committee and the Superintendent shall also appoint seven (7) representatives.

O. New Employee Orientation

Employees may use the mailboxes and any intra-building mail system for personal or Union related materials, so long as such use does not disrupt the normal operation of the District. Employees shall have direct access to mailboxes, if desired, for purposes of distributing the above materials, provided such direct access does not disrupt the normal mailbox operations of the District. Use of school mail services shall be without U.S. postage unless otherwise required by the U.S. Postal Service. Furthermore, the Union shall indemnify and hold harmless the Board from any liability, damages, fines or other costs arising from the Union's use of such mail service.

ARTICLE IV

EMPLOYEE RIGHTS

A. Legal Rights

Nothing contained herein shall be construed to deny any teacher his/her rights under The School Code of the State of Illinois or under other applicable laws and regulations. This Section shall not be construed so as to incorporate into this Agreement The School Code or any other constitution, statute, regulation, or court decision, nor to make grievable hereunder pursuant to the procedures prescribed in Article XII hereof any alleged violation of such school code, constitution, statute, regulation, or court decision.

B. Academic Freedom

1. Teachers shall have academic freedom in the District. Academic freedom shall mean the freedom of teachers to present instructional materials, which are pertinent to the subject and level taught and within the Board approved planned instructional program and which encourage free inquiry and learning, and shall present all facts of controversial issues in a scholarly and objective manner.
2. Teachers shall be entitled to freedom of discussion within the classroom on all matters under study which are relevant to the subject, and this discussion shall be maintained within the outlines of appropriate course content.

C. Appearance Before Board

When any employee is required to appear before the Board or any Board committee concerning any matter which could adversely affect the continuation of that employee in his/her employment, or his/her salary or any increments pertaining thereto, the employee shall be given reasonable prior written notice of the reasons for such meeting or interview and shall be entitled to have a representative of the Union present to advise him/her and represent him/her during such meeting or interview.

4. In accordance with the applicable provisions of The School Code, the Board shall provide indemnification and protection against claims and suits.

ARTICLE V

TEACHER EVALUATION AND PERSONNEL FILES

A. Evaluation

1. The parties agree that the primary objective of teacher evaluation is to improve the quality of instruction. The parties recognize the importance and value of a procedure for assisting and evaluating the progress and success of teachers.
2. Evaluations of licensed teaching staff shall be done by any ISBE certified evaluator employed by Warren Township High School. Such a qualified administrator is herein after referred to as “evaluator.”
3. Notice of Formal Evaluations:
 - a. On or before the first day students are required to be in attendance at the start of the school term, the Administration shall provide teachers with written notice (either electronic or paper) of the formal evaluation procedures and the identity of the evaluator or evaluators. This shall include both the instrument and the name of each teacher’s evaluator or evaluators.
 - b. When a teacher is hired after the start of the school term, the Administration will provide the newly hired teacher with such written notice of the evaluation no later than thirty (30) days after the contract hiring the new teacher is executed.
 - c. A teacher reassigned after the beginning of the school year shall be notified of his/her new evaluator within four (4) weeks of his/her reassignment. No formal evaluation of a teacher shall take place until that teacher has been so informed. Teachers and the Union shall be informed as soon as practical of any changes in evaluators that occur during the school year.
4. Observation Types:
 - a. Formal observation shall be defined as a classroom visitation for the express purpose of observing teaching methods and accomplishment of teacher goals and objectives related to the teacher’s effectiveness in the classroom and in the performance of his/her other professional duties using the criteria/standards established by the Joint Evaluation Committee and agreed to by the Administration and the Union.
 - b. Informal observations mean any observations of a teacher by a qualified evaluator that are not announced in advance of the observation and not subject to a minimum time requirement.
5. When an evaluator plans to visit a teacher for the purpose of a formal observation, the evaluator and the teacher shall agree on a window of time at least one (1) work day before the formal observation. A pre-observation conference must be held prior to the formal observation during which the teacher shall submit to the evaluator a written

lesson or unit plan and/or other evidence of planning for the instruction that will be conducted during the formal observation. No formal observation shall be scheduled or conducted on exam days, review days, or on days when student attendance is affected by more than fifty percent (50%). Each formal observation shall be not less than twenty-five (25) minutes. At least one formal observation must be a minimum of forty-five (45) minutes long, or must consist of an observation of an entire lesson, or must consist of an observation of an entire period. Observations should commence at the beginning of a class period and end at a natural break in the observation. The evaluator shall not fail to attend on the agreed date and time without good cause.

6. Probationary teachers shall be formally observed a minimum of three (3) times during the school year, of which two (2) must be formal observations. If the Administration is considering not recommending a probationary teacher for continued employment, after consultation with observing Lead Teachers, the Administration shall have made at least one (1) additional twenty-five (25) minute formal classroom observation and evaluation. No single evaluator shall perform all four (4) observations. All formal observations of probationary teachers must be at least fifteen (15) school days apart. However, nothing shall prohibit the non-renewal of a probationary teacher in the event the probationary teacher's absence(s) prevents the Administration from completing any observation or evaluation requirements.
7. Tenured teachers must be formally evaluated at least one time in the course of every two (2) school years.
8. All formal observations and summative evaluations of non-tenured teachers must be completed by January 15th (assuming the teacher is not on leave which prohibits completion of the evaluation by this date, in which case the summative evaluation will be completed as soon as practicable). All formal evaluations and summative evaluations of tenured teachers must be completed by March 31st.
9. Should the evaluator be unable or fail to observe the teacher at the agreed upon time, the teacher shall not be liable to submit new documents related to the observation. The teacher and evaluator shall agree upon a new observation date.
10. Following each formal observation the evaluator shall complete a written evaluation of the observation. Within ten (10) school days of the evaluation, the evaluator shall furnish the teacher with a copy of the written evaluation and hold a conference with the teacher. If the evaluator determines that the evidence collected to date may result in the teacher receiving either a "needs improvement" or "unsatisfactory" performance evaluation rating, then the evaluator shall notify the teacher of that determination. The evaluation conference shall include, but not be limited to, a discussion of the written evaluation including strengths and recommendations for improvement, and the recommendation of and providing of assistance in achieving improvement goals where appropriate. Both the evaluator and the teacher shall date and sign all copies of the written evaluation. The signature of the teacher shall not necessarily indicate agreement

with the written evaluation, but rather shall indicate that the conference and discussion have been held and that the teacher is in receipt of a copy of the written evaluation.

11. If the teacher feels the formal written evaluation is incomplete, inaccurate or unjust, the teacher may submit written objections within ten (10) school days of receipt of the written evaluation. Upon request the teacher will be granted a second post conference to discuss the evaluation. Such deadline shall be extended if additional information bearing on the evaluation becomes available after the deadline; in such a case, the teacher shall have ten (10) school days from receipt of this additional information to submit written objections. Both teacher and evaluator shall date and sign all copies of the written objection. The signature of the evaluator shall not necessarily indicate agreement with the written objection, but rather shall indicate that the evaluator is in receipt of a copy of the written objection. A copy of the written objection shall be attached to the written evaluation.
12. A copy of all formal written evaluations and any attached written objections shall be placed in the teacher's official personnel file. No material in evaluation of the teacher shall be maintained on file that is not in accordance with provisions on teacher evaluation given elsewhere herein.
13. In all cases where the Administration is considering not recommending a probationary teacher for continued employment, the teacher involved and Union shall be so advised. The Board shall also follow all procedures required by The School Code and court decisions.
14. Notice of intent not to rehire shall be given to the probationary teacher prior to official Board action. If the probationary teacher is completing his/her fourth year, said notice shall include a written statement of reasons. The teacher shall be apprised of the time when the motion shall be offered not to rehire so the teacher may be present and make a statement.
15. All teachers shall be rated as to standards of performance using the following rating scale in both formal and summative evaluations:

EXCELLENT
PROFICIENT
NEEDS IMPROVEMENT
UNSATISFACTORY

This process will be determined by the Joint Evaluation Committee which will be comprised of equal numbers of teachers and administrators and appointed by the Union President and the Superintendent or designee.

16. Official evaluation forms pertaining to members of the bargaining unit shall be included under separate cover. Forms may be changed at the recommendation of the Evaluation Committee consisting of both Administration and faculty.

Recommendation by the committee is defined as a majority vote of the committee with all members present; or, if not all members are present, the number of votes to implement a change would be the same number needed to obtain a majority if all members were present.

B. Needs Improvement Rating

Within thirty (30) school days of a teacher receiving an evaluation rating of “needs improvement,” the evaluator and teacher shall develop a Professional Development Plan (PDP). The PDP must explicitly address areas of performance that the tenured teacher needs to improve and must take into account the teacher’s ongoing professional responsibilities. The tenured teacher must be evaluated once in the school year following the “needs improvement” rating. If the subsequent evaluation received is equal to or better than “proficient”, then the teacher must be reinstated to the regular evaluation cycle.

C. Consulting Teachers and Remediation

1. In the case that a consulting teacher is needed for remediation the evaluator of the teacher who was rated “unsatisfactory” will select from teachers who meet the following criteria:
 - a. Is a teacher as defined by this Agreement;
 - b. Has at least five (5) years of teaching experience;
 - c. Has a reasonable familiarity with the assignment of the teacher to whom he/she may serve as consultant;
 - d. Has received an “excellent” on his/her most recent evaluation; and
 - e. Otherwise meets the requirements of the School Code for a consulting teacher.
2. Where no teachers who meet these criteria are available within the district, the district shall request and the Regional Office of Education shall supply, to participate in the remediation process, an individual who meets these criteria.
3. The Board shall furnish the Union with a master list of all teachers qualified as consulting teachers and shall update such master list from time to time as names are added or deleted. The master list shall name the discipline and/or qualified teaching area of each teacher. When a consulting teacher is needed and written notice of such is delivered to the Union, the Union shall submit to the Administration a roster of at least five (5) qualified teachers from those teachers on the master list or of all such qualified teachers if that number is less than five (5), from which the Administration shall select the consulting teacher. Should the Union fail to submit a roster within ten (10) school days of receipt of request for such roster, then the Administration may select any consulting teacher, provided however that the selected consulting teacher was included on the master list the Administration furnished to the Union. Any teacher may decline to serve as a consulting teacher. To the extent practicable, consulting teachers shall be selected on a rotating basis.
4. A consulting teacher shall receive released time (schedule to be worked out as part of any remediation plan) to perform his/her duty as a consulting teacher.

5. Any teacher on continued contractual service who receives an overall evaluation composite rating of “unsatisfactory”, and the reasons for such rating are deemed remediable, shall be placed upon “remediation status.” Within thirty (30) school days of being placed upon remediation status, a remediation plan shall be developed by the District for implementation to correct the remediable deficiencies cited. The remediation plan shall last ninety (90) school days. Teachers must be evaluated at the midpoint and at the end of the ninety (90) school day remediation period. Participants in the plan shall include the teacher, a qualified evaluator, and a consulting teacher selected by the evaluator. The written remediation plan shall contain the following components:
 - a. Description of the condition(s) in need of change
 - b. Clear definition of an acceptable level of performance
 - c. Plan of identified expectations to be achieved
 - d. Indication of assistance to be provided
 - e. System of monitoring progress
 - f. Indicators for success
 - g. Resources needed
 - h. Timeline for completion
6. The written remediation plan shall be dated and signed by all the participants, with one (1) copy placed in the teacher’s official personnel file and one (1) copy sent to the Union.
7. The evaluator must conduct a mid-point and final evaluation of the teacher during the remediation period, and meet with the teacher within ten (10) school days after the evaluation to provide a copy of the evaluation and discuss the written evaluation and ratings. While the consulting teacher shall participate in the drafting and implementation of the remediation plan and shall provide advice and counsel to the teacher rated “unsatisfactory” on how to improve teaching skills and to successfully complete the remediation plan, the sole responsibility for the formal evaluations shall rest with the evaluator. If the teacher on remediation status is subsequently evaluated with an overall rating of “proficient” or higher, the teacher shall be reinstated to the regular evaluation schedule for tenured teachers. If the teacher does not receive another “unsatisfactory” “or needs improvement” evaluation for seven (7) years, the remediation plan and previous “unsatisfactory” evaluation shall be removed from the teacher’s official personnel file, if so requested by the teacher. In accordance with School Code, for any teacher who fails to complete any applicable remediation plan with a rating equal to or better than a "proficient" rating the end of the ninety (90) school day remediation plan, the Board shall automatically institute dismissal procedures against the teacher in accordance with Section 24-12 of the Illinois School Code.
8. The consulting teacher shall not be required by either party to participate in any dismissal hearing. The Board shall hold harmless consulting teachers from any legal liability arising from the performance of their responsibilities as consulting teachers.

D. Personnel Files

1. Teachers shall be informed no later than ten (10) school days after the commencement of the school term of procedures employed by the Administration in placing materials in the teachers' files and the opportunity to respond thereto unless such procedures have not changed from the preceding school term; in any case, such information shall be communicated to teachers at the beginning of the school year. New employees shall be informed of such procedures within four (4) weeks of the first day of employment. In any case, a teacher may submit written response to any item placed in the personnel file in accordance with the above procedures within ten (10) working days of notice of inclusion or by the end of the school term, whichever is longer. Such deadline shall be extended if additional information bearing on the item placed in the personnel file becomes available after the deadline; in such case, the teacher shall have ten (10) working days from receipt of this additional information to submit a written response.
2. Each teacher shall have the right, upon request, to review the contents of his/her personnel file. The teacher shall make an appointment with the Superintendent or designee for such review. Upon the teacher's written request, a Union representative may accompany the teacher in this review. Such review shall be conducted in the presence of the designated administrator. Material which may be of a disciplinary nature placed in the teacher's file will be removed after five (5) years if no other incidents occur during that period of time, if the teacher has never been placed on remediation by the Board or received a Notice of Remedy from the Board, with the written removal request being the responsibility of the teacher to initiate; however, this provision concerning the removal of disciplinary material from the personnel files shall not apply to disciplinary material which is related to egregious behavior that endangers students' health or safety. Confidential material, such as recommendations by colleges or universities, or evaluations by previous employers, shall not be placed in the teacher's personnel file described herein.

Information which has not previously been made known to the teacher in writing may not be used for disciplinary purposes.

ARTICLE VI

CLASSIFIED EMPLOYEE PERFORMANCE AND DUTIES

A. Job Descriptions

The duties of the classified employees shall be defined in accordance with their job descriptions. Job descriptions shall be developed by the Administration with timely input from the Union and/or the employee and approved by the District. A copy of the job description applicable for the employee's particular classified position shall be provided to that employee within a reasonable time upon assuming a bargaining unit position, and upon request thereafter.

B. Probationary Period

All new employees shall be probationary for the first two years of employment. During this period, the Board may terminate the employee without cause. After the probationary period, the employee may be dismissed only for just cause or reduction-in-force.

C. Discipline

At any meeting with an administrator during which discipline may be considered, the employee shall have the right to Union representation. Any discipline more severe than a verbal reprimand shall be progressive in nature and for just cause.

D. Reduction-In-Force (RIF)

For the purposes of reduction-in-force, the bargaining unit shall be divided as follows among the classifications found in Article XI:

JOB CLASSIFICATIONS

Job Classification I (Clerical)

Job Classification II (Nurses)

Job Classification III (Paraprofessionals)

Job Classification IV (Maintenance)

Job Classification V (Technology)

Upon the decision of the School Board to reduce the number of employees, it shall designate such reduction by the job classification groupings as above. The employee with the least seniority within the job classification grouping shall be dismissed, unless the remaining employees in the job classification are not qualified to fill the job of the least senior employee. In such an event, the next least senior employee with a job that can be filled by the remaining qualified employees within the classification shall be dismissed.

In accordance with Article XI, Job Classification I is comprised of four (4) wage range levels. It is understood that each wage range level of employees within Job Classification I represents a grouping of jobs whose qualification and responsibilities are reasonably similar, with those in Level D requiring the greatest degree of qualifications and responsibilities. As a result, unless special circumstances to the contrary are present, employees within a level shall be considered qualified to fill the job of employees within

that level and those levels with jobs requiring less qualifications and responsibilities. Conversely, unless special circumstances to the contrary are present, employees within a level shall not be considered qualified to fill the job of employees in those levels with jobs requiring greater qualifications and responsibilities.

E. Personnel Files

1. Employees shall be informed no later than ten (10) school days after the commencement of the school term of procedures employed by the Administration in placing materials in the employees' files and the opportunity to respond thereto, unless such procedures have not changed from the preceding school term; in any case, such information shall be communicated to employees at the beginning of the school year. New employees shall be informed of such procedures within four (4) weeks of the first day of employment. In any case, an employee may submit written response to any item placed in the personnel file in accordance with the above procedures within ten (10) working days of notice of inclusion or by the end of the school term, whichever is longer. Such deadline shall be extended if additional information bearing on the item placed in the personnel file becomes available after the deadline; in such case, the employee shall have ten (10) working days from receipt of this additional information to submit a written response.
2. Each employee shall have the right, upon request, to review the contents of his/her personnel file. The employee shall make an appointment with the Principal or designee for such review. Upon the employee's written request, a Union representative may accompany the employee in this review. Such review shall be conducted in the presence of the designated administrator. Material which may be of a disciplinary nature placed in the employee's file will be removed after five (5) years if no other incidents occur during that period of time, with the written removal request being the responsibility of the employee to initiate; however, this provision concerning the removal of disciplinary material from the personnel files shall not apply to disciplinary material which is related to egregious behavior that endangers students' health or safety. Confidential material, such as recommendations by colleges or universities, or evaluations by previous employers, shall not be placed in the employee's personnel file described herein. Information which has not been made previously known to the employee in writing may not be used for disciplinary purposes.

F. Evaluation

1. A common evaluation instrument will be used in the evaluation of employees. The Union may submit recommendations to the Administration concerning an evaluation instrument, but the content of the evaluation instrument shall be at the sole discretion of the Administration.
2. Within thirty (30) working days after employment or following a significant change in the evaluation instrument, employees shall be notified of the evaluation instrument in use and expectations for their job performance.

3. Generally, work shall be evaluated on an informal, on-going basis. When deemed appropriate by the Administration, the evaluation shall include an observation of the employee's performance. Observations shall be of reasonable length.
4. Within five (5) employee working days following the writing of the evaluation, the evaluator shall have a meeting with the employee to discuss the evaluation, provided that the employee is not absent or unavailable. At such conference, the evaluator shall give a copy of the evaluation to the employee and, thereafter, properly place the evaluation in the employee's personnel file. As part of such an evaluation, the evaluator shall seek to identify ways by which the employee may overcome deficiencies, which are noted. The employee shall acknowledge receipt of such copy by signing the evaluation. The signature of the employee does not necessarily indicate agreement with the evaluation. Within fifteen (15) employee working days of receipt of the evaluation, the employee may attach any rebuttal or comments. The attachment shall be placed in the personnel file.
5. Probationary employees will receive at least one formal evaluation each year during the two year probationary period. Beginning with the school year following completion of the two year probationary period, each non-probationary classified employee shall receive at least one (1) formal evaluation every two (2) school years.

G. Wage Reclassification

An employee may apply for wage reclassification based on the responsibilities of the job and the duties regularly performed by the individual. An employee shall be given copies of any job descriptions upon request. The employee who wishes to apply for reclassification shall file the request, along with rationale for this change, to the immediate supervisor not more than once during the term of any Collective Bargaining Agreement; a copy of the request shall be provided to the Union, and the Union may submit its reaction to the request in writing within ten (10) work days of receipt. The supervisor shall respond with the decision, complete with rationale and response to each point in the application if denied, within thirty (30) work days of receipt of the application or the reaction of the Union, whichever is later; a copy of the response shall be provided to the Union. If the employee is not satisfied with the response, that employee may appeal the decision to the Superintendent by filing a written request to do so within ten (10) working days of receipt of the response.

The decision to the application for wage reclassification shall be forthcoming based on the merits of the request. It is not appropriate for the supervisor to defer a decision to the next collective bargaining between the Union and the Board, unless such negotiations are imminent or are already underway at the time the response is due.

ARTICLE VII

TEACHER WORKING CONDITIONS

A. School Year

The school year shall consist of one hundred eighty-two (182) workdays, and five (5) workdays for emergency purposes. Any unneeded emergency days, up to a maximum of five (5) workdays, shall be removed from the school year calendar. A minimum of one (1) work day per school year from among the one hundred eighty-two (182) work days shall be designated as a non-pupil attendance day to be held between the first and second semesters, and at least one-half (1/2) of which shall be used as a records/grade day for teachers, provided such day shall qualify as a legal non-pupil attendance day.

B. School Day/Teacher Load

The normal teacher load each day shall consist of eight (8) consecutive periods unless otherwise agreed upon by the Union. The day shall consist of:

1. Five (5) academic classes that follow normal teaching expectancies.
2. One-half (1/2) supervisory period for the full year, or one (1) supervisory period for one (1) semester. Supervision may be in a resource room for students as determined by the Administration and subject to the constraints of building facilities and student scheduling and enrollment or may be cafeteria duty, study halls or other duties as needed within the school day. Supervision shall not include activities that require prior planning. However, by Lead Teacher request and principal approval, teachers may be permitted to work the equivalent of a full semester of supervisory time spread out across the full school year (e.g., full supervisory periods worked on alternating days).
3. One and one-half (1 ½) preparation periods for the full year, or one (1) preparation period one semester and two (2) preparation periods the other semester.
4. One (1) duty-free lunch period.
5. Lunch and preparation periods may be used for other meetings at the option of the teacher. When teachers are called to attend an IEP meeting during their lunch or prep period, they will be paid at the internal sub rate, as approved by administration on time sheets.
6. During lunch periods and preparation periods during which a teacher has no supervisory responsibilities, the teacher may leave the school building without loss of pay or leave time, provided said teacher signs out in the main office, indicating the teacher's destination, and provided the teacher signs in upon return to the District. As professionals, teachers agree not to use preparation periods away from the building for business that could be routinely taken care of on non-school hours.

7. Each full-time teacher shall schedule fifty (50) minutes per five-day week as regular office hours. This time shall be used to meet with students, to return phone calls to parents, to confer with administrators and other teachers, and to perform the other many responsibilities that devolve upon the teacher as a professional. Each teacher's schedule shall be submitted for approval to the Principal or designee in the first week of the semester. Schedules that are designed to accomplish these purposes shall not be denied. From time to time, as the needs of the teacher change, such teacher may amend the previously submitted schedule subject to approval.

On a given day, all or part of such above time may be waived without loss of leave, pay, or benefits, when, because of occasional unforeseen circumstance or emergency, the teacher must leave immediately after the end of the last period or must arrive just before the start of first period. In such instance, the teacher shall so notify the Principal or designee as soon as possible. Such waiver shall not be unreasonably denied.

In the event that an alternative schedule is used, the schedule will be altered to guarantee equality within five (5) minutes of meeting times in all classes by the end of the following week.

8. Eighteen (18) days of the school year shall be designated for School Improvement Days (SIP). Two (2) full SIP days or four (4) half SIP days shall be reserved for use by the Administration if they so wish. All other SIP days will be jointly determined by the Administration, Lead Teachers and Assistant Superintendent for Instructional Services. These days are reserved for the continued development and planning for Professional Learning Teams.

In the event that an alternative schedule is implemented that provides time for Professional Learning Teams to meet, the Administration and the Union may agree to eliminate the eighteen (18) SIP days.

9. School Counselors and Post-Secondary Counselors will receive eight (8) days paid pro-rata for use during the summer: three (3) days immediately after the school year, three (3) days of registration, one (1) day of late registration, and one (1) day during the week of late registration. Counselors who are not able to work any of these days will not get paid for the missed day. School Counselors and Post-Secondary Counselors will also have two additional (2) days for use during the summer and will receive payment at the current summer school rate of pay. School Counselors and Post-Secondary Counselors may use both or none of these additional two (2) days.
10. School Nurses will receive ten (10) days for use during the summer, which will be jointly scheduled by the Supervisor and Nurses. Nurses may use all or none of these days. Nurses will be paid pro-rata.
11. Case Managers (excluding Program Case Managers) will receive eight (8) days for use during the summer, which will be one (1) day immediately after the school year, three (3) days of registration, one (1) day of late registration, and three (3) days ideally in

mid-June, but before July 1, after files have been received at each campus. Case Managers who are not able to work any of these days will not get paid for the missed day. Case Managers will be paid pro-rata.

12. Program Case Managers (i.e. case managers who teach) will not have a duty or supervision.
13. Social Workers and School Psychologists will receive three (3) days for use during the summer which will be the first two (2) days of registration and one (1) day of late registration. Social Worker/School Psychologists who are not able to work any of these days will not get paid for the missed day. Social Workers and School Psychologists will be paid pro-rata.
14. Post-Secondary Counselors, Case Managers, School Psychologists, Speech and Language Pathologists, Social Workers, Nurses and other related service providers will not have a supervisory period per Article VII.B.2. At O'Plaine, School Counselors will not have a supervisory period. At Almond, School Counselors will have a resource period in the College Career Center which is one-half period for the entire year.
15. School Counselors and Post-Secondary Counselors will work two (2) evening events outside contractual hours as part of professional duties for no additional compensation. Any evening event beyond these two that requires School Counselor or Post-Secondary Counselor attendance, will be compensated according to the summer school rate of pay. Post-Secondary Counselors may opt to be compensated in the form of compensatory (comp) time in lieu of payment.

C. Assignments

1. New and Vacant Positions

New positions are those which did not previously exist within the District and vacant positions are those which did previously exist in the District. When filling new and vacant positions, the District shall follow the Illinois School Code, 105 ILCS 24-1.5. After the Board has determined to fill a new or vacant position and after employees have been afforded their recall rights, the Administration shall post notice of any established and available new or vacant positions in the bargaining unit or in any administrative position. Such positions shall not be permanently filled for a period of five (5) working days (5 calendar days during the summer) after the posting of the vacancy notice. Employees will be notified by email of all vacancies and new positions.

2. Voluntary Transfer Between Buildings

Voluntary transfers between buildings are those transfers which are requested by the teacher. Teachers wishing to be considered for transfer to new or vacant positions for the upcoming school year must notify the Superintendent in writing by no later than February 1st indicating reasons for requesting the transfer and the position desired. Subject to the criteria for filling new and vacant positions set forth above, the Administration will consider such requests when filling new and vacant positions for

the upcoming school year, provided the Administration has knowledge of the vacancy by April 1st. After April 1st, teachers must respond to individual job postings, and teachers may respond to individual job postings at any time during the year. If a teacher who requests a transfer does not receive the transfer, then upon written request, he/she shall be given the reason(s) in writing why his/her request was denied.

This subsection does not apply to changes of assignment requested within each building.

3. Involuntary Transfer Between Buildings

Before any involuntary transfer from one building to the other becomes necessary, the Administration shall first actively seek qualified volunteers as determined in accordance with the criteria below. If no volunteers are found, the Administration shall consider overall distribution of experience levels at each building; each individual teacher's experience, strengths, and weaknesses; number of teachers needed at each location; certification and legal qualification requirements; seniority in the District. No single criteria shall be determinative.

Any teacher, who is involuntarily transferred, upon written request, shall receive the reasons in writing. Involuntary transfers shall not be made unreasonably.

This subsection does not apply to changes of assignment within each building nor transfers as a result of reduction-in-force.

4. Travel Between Buildings

Teachers who are assigned regular school day assignments (excluding co-curricular assignments) at both campuses on the same day shall be reimbursed for travel between such high schools at the District mileage rate. Payment for mileage shall occur within sixty (60) days. Teachers shall not be scheduled to travel during the preparation period or duty-free lunch period as provided in Article VII, B.3. and B.4., respectively.

5. Notice of Assignments

Teachers shall be given written notice of their tentative assignments for the forthcoming school term prior to the end of the current school term. Teachers shall be notified in writing of any anticipated change in that assignment as soon as practicable, such notice to be mailed to the address on file with the Board if school is not then in session, or by personal delivery via email or written communication to the teacher. The teacher shall be given the opportunity to discuss this change by requesting a conference within one (1) week of the notice having been given or mailed. If the notice is given after June 30th, the teacher may submit his/her resignation within two (2) weeks of the date of such notice, such resignation to be effective no earlier than fifteen (15) calendar days from the date thereof. If the notice is given after the first day of student attendance, the teacher may submit his/her resignation within two (2) weeks of the date of such notice, such resignation to be effective as soon as a suitable replacement can be employed. Any resignation pursuant to this Section shall not be subject to any policy

on liquidated damages as may be hereafter adopted by the Board arising from said resignation.

D. Posting of Supervisory Positions

A complete listing of anticipated compensatory supervisory assignments (Saturday School, etc.) for the following school term shall be posted by electronic mail.

E. Summer Programs and Bridges Evening Program

If a summer or Bridges evening program is conducted by the Board, preference for employment shall, to the extent feasible, be given to the teacher as defined herein. No other provision of this Agreement shall be applicable to any summer program.

F. Faculty Meetings

A teacher shall not be required to attend a meeting outside his/her normal school day more than once per academic quarter provided at least one (1) week's notice is given in advance. Otherwise, a teacher shall not be required to attend any meetings outside his/her normal school day except in unusual or unanticipated circumstances. No meetings shall be conducted for longer than fifty (50) minutes after the close of the student day of the building of assignment for that teacher, except in an emergency.

G. Student Discipline

1. Student discipline, as used herein, shall mean the expectation and enforcement of a reasonable standard of orderly student behavior to permit effectuation of the educational program.
2. The Board recognizes its responsibility to give reasonable support and assistance to teachers with respect to the maintenance of control and discipline in the classroom. The Board's decisions regarding student discipline are not subject to the grievance procedure.
3. A teacher shall be responsible for the conduct of his/her class and for maintaining order in his/her presence in the school building and on school grounds.
4. A teacher may exclude a pupil from a class period when, in the opinion of the teacher, the grossness of an offense, the persistence of the behavior, or the disruptive effect of any violation makes the continued presence of the pupil in the classroom intolerable. Before taking such action, the teacher shall:
 - a. give the student fair warning;
 - b. give the student explicit and clear instructions of what behavior is expected.

When a student is so excluded by a teacher, the student shall be sent from the classroom to the dean. The teacher involved in the incident shall submit a timely explanation of the nature of the offense.

The dean shall, in his or her sole discretion, take appropriate action seeking to solve the discipline problem. Should this decision include the readmittance of the pupil to class, the

teacher shall be notified in writing of the conditions under which readmittance is granted. It is understood that the written response shall be accomplished as soon as practical after a student returns to class.

H. Facilities/Equipment/Assistance

1. At least one (1) teacher working area per building for use of all teachers separate from the teachers' lounge shall be established. The Board shall seek to provide appropriate facilities to permit teachers to better meet their teaching assignments.
2. The Board shall provide a clerical assistant to process teacher mail and to handle the teachers' duplicating and typing needs of school-related materials, subject to the supervision of the Principal or designee.
3. Teachers shall be provided with desks and filing cabinets. Teachers will also have access to laptops, phones, copiers, and printers.
4. Parking facilities shall be provided for teachers. The Administration shall make reasonable effort to maintain this area, including the feasible removal of snow and ice in the winter months, and the plowing of the faculty lot before the student lot. The provision of such facility is for the convenience of the teachers and the Board assumes no responsibility of liability thereby.
5. A teachers' lounge shall be available within each school building.
6. A teacher shall not be required to work under unsafe or hazardous conditions or to perform tasks which would endanger his/her health or safety, provided this Section shall not be construed to terminate, reduce, or otherwise affect a teacher's obligation toward students.

I. Reduction in Force/Seniority

1. The Board shall reduce staff through the issuance of honorable discharges pursuant to Section 24-11 and 24-12 of The School Code. Teachers honorably discharged who shall subsequently be rehired by the Board shall be credited with all past experience previously acknowledged by the District and shall be credited with any sick leave they had accumulated prior to such discharge.
2. In the event it becomes necessary to reduce the number of teachers for economic reasons or because of reduction or elimination of programs, the Board shall in all respects adhere to the procedures and criteria governing such dismissals which are set forth in The School Code.
3. The Joint Honorable Dismissal Committee will yearly assess the overall summative scores. If the Committee finds that a downward trend exists by majority vote, the Union may grieve the summative scores for remedy.

4. For purposes of this Section, “seniority” and “continued service” shall mean teaching service in the District uninterrupted by resignation or reemployment. Leaves of absence shall not be deemed an interruption of service, but a teacher shall not receive a year of seniority credit for any unpaid leave of absence that either exceeds one whole semester, or ninety-one (91) work days.
5. If seniority of teachers shall be equal, preference shall be determined by the date of Board action to approve the initial contract. If seniority between two or more teachers is identical, then the teachers’ respective scheduled salaries shall determine seniority, with the higher(est) paid teacher ranked more senior and so on. If there continues to be a tie, the teacher with the greater total length of public school teaching experience shall be considered more senior. If there still continues to be a tie, the District shall determine seniority using a transparent lottery method.
6. Prior to November 1st of each school term, the Administration shall post in the teachers’ lounge a listing of the seniority rank of all tenured teachers in the School District. Each teacher shall have thirty (30) employment days after posting to file written objection to his/her ranking and shall detail the alleged specific error in the ranking. Failure to make such timely objection shall be deemed acceptance of the ranking and the teacher cannot thereafter challenge his/her seniority for the school term.

J. Mentoring Committee

The Administration will convene a committee a minimum of twice yearly, once a semester, to plan and evaluate a mentoring program. The committee will be made up of a number of Administrators, Lead Teachers and Union Leadership, as decided by the committee.

ARTICLE VIII

Except in an emergency, the District shall provide two (2) weeks written notice before changing any regular shift hours. Each work day shall contain two (2) separate paid fifteen (15) minute duty free breaks and one thirty (30) minute unpaid duty free lunch, or one (1) paid fifteen (15) minute duty free break and one forty-five (45) minute lunch (thirty (30) minutes unpaid) if approved by the supervisor. This cannot be used at the start or the end of a work day.

a. Nurses (excluding CNAs):

The normal workday for employees in the category of nurse shall start ten (10) minutes before the first period and shall end ten (10) minutes after the last period. The normal workday for Classification III employees (paraprofessionals) shall start ten (10) minutes before first period and shall end ten (10) minutes after last period. Paraprofessionals shall receive a fifty (50) minute lunch period, each workday.

c. Classification IV:

Classification IV employees (maintenance) shall work regular shift hours as determined by the District. The District shall provide two (2) weeks written notice before changing any regular shift hours. Each work day shall contain the same break and lunch schedule as provided in Section A.1. above.

d. Summer Schedules

Employees scheduled to work during summer recess shall work the days and hours designated by the District; the District shall provide two (2) weeks written notice before changing any regular shift hours, unless otherwise agreed to by the employee.

3. Time Keeping

Each hourly classified employee shall maintain an accurate record of working time by means of a District provided timekeeping device.

4. Off-Site Training Outside of Regular Work Hours

If an employee, by mutual agreement with the employer, attends a training session off-site outside the employee's regular working hours, the employee shall be compensated for such additional hours, plus shall be paid the District mileage rate for travel between the District and the site. If an employee, by mutual agreement with the employer, attends a training session on-site outside the employee's regular working hours, the employee shall be compensated for such additional hours.

5. Cafeteria Closure

When the cafeteria is closed during the employee's lunch period, the lunch period shall be extended by fifteen (15) minutes, with a corresponding extension of the workday, so long as a majority of the employees in a work group desire the change; in such case, all employees in the work group shall follow the revised schedule. Work groups shall be defined as: maintenance employees; custodial employees; and secretarial employees who work in the same office area. Work groups housed in different buildings shall be treated as separate work groups.

This provision shall be subject to the right of the immediate supervisor to deny the extension of the lunch period/work day, provided such denial is not unreasonable.

B. Overtime

All hourly employees shall be paid one and one-half (1½) times their hourly rate for hours worked in excess of 40 hours per week. Any hours worked Saturday or Sunday shall be compensated at one and one-half (1½) times the regular rate regardless of the forty (40) hour rule. From among hours paid but not worked, only holidays and emergency closings shall count as hours worked for purposes of the FLSA forty (40) hour rule. Additionally, as set forth in Article VIII.E, any hours actually worked with Supervisor approval on a scheduled holiday shall be compensated at two and one-half times the hourly rate for all time worked.

C. Work Year

The work year is based upon the legal school year running from July 1st to the following June 30th. The school term shall be the one hundred eighty-two (182) days set by the Board pursuant to The Illinois School Code. The District may elect to declare a shutdown of school operations for bargaining unit classified employees which shall be unpaid, unless the employee elects to use available vacation or personal leave (for which no reason need

be given and any proximity limitations to holidays and vacation periods are waived), in which case the employee shall be paid for such vacation days or personal leave days. There shall be a maximum of three (3) such days per work year, and all such days shall be designated no later than March 1st of the preceding school year.

Employees who are regular full-time employees shall work twelve (12) months per work year. Employees who are regular part-time employees shall work the school term and any other days before, during (includes “not in attendance” days as identified in the school calendar) and after the school term deemed necessary by the District.

The District shall inform the regular part-time employees of their work schedule for the ensuing school term and additional days deemed necessary no later than June 1. No later than June 1, the District shall inform said employees of the earliest date by which the employee will be required to start work for the ensuing school term. Nothing herein shall prohibit an employee not given the above notice from voluntarily agreeing with the District to work additional days.

For paraprofessionals and nurses, the school year shall consist of one hundred eighty-two (182) workdays. The nurses may be required by the building administration to work up to ten (10) additional workdays each year; the nurse and the building administration shall work together to schedule potential additional summer workdays. Any unneeded emergency days up to a maximum of five (5) workdays shall be removed from the school year calendar. Compensation for the paraprofessionals’ work year shall be as provided in Article XI.E. Compensation for the nurses’ work year shall be as provided in Article XI.E.

D. Vacations

Each regular full-time employee shall be entitled to vacation in accordance with the following provisions:

1. Vacation Accrual

Effective with the 2018-2023 Agreement, during the first fiscal year of employment (i.e., first date on which employee is physically present on the job through June 30th), employees will receive ten (10) days of vacation, which shall be pro-rated to reflect the number of months worked from the first day of physical presence on the job through June 30th. A month shall only be counted for pro-ratio purposes if the employee is physically present on the job on or before the 15th day of the month.

On the following July 1st, and each July 1st thereafter, an employee will be eligible for and granted ten (10) days of vacation annually, until the start of the fiscal year in which he/she will reach the five (5) year service milestone, at which point on that July 1st, and each July 1st thereafter, he/she shall be eligible for and granted fifteen (15) days of vacation annually, until the start of the fiscal year in which he/she will reach the twelve (12) year service milestone, at which point on that July 1st, and each July 1st thereafter, he/she shall be eligible for twenty (20) days of vacation annually.

Example: An employee's first physical day of presence on the job is February 17, 2020. He/she shall be eligible for and granted on February 17, 2020, $4 \times 0.833 = 3.33$ days of vacation for the remainder of the fiscal year. On July 1, 2020, and each July 1st thereafter until the next service milestone, he/she shall be eligible for and granted ten (10) days of vacation. On July 1, 2024, and each July 1st thereafter until the next service milestone, he/she shall be eligible for and granted fifteen (15) days of vacation. On July 1, 2031, and each July 1st thereafter, he/she shall be eligible for and granted twenty (20) days of vacation.

For purposes of this Agreement, length of service shall mean length of continuous service to the District. Length of continuous service for purposes of determining eligibility for movement from one rate of vacation accrual to another shall be computed as of the first date of employment as a regular full-time employee and each anniversary date (i.e., service milestone) thereafter. Furthermore, the transfer of a regular part-time employee to a regular full-time position shall not be deemed an interruption in service for purposes of vacation accrual. Effective with the 2018-2023 Agreement, a year of service for said regular part-time employee will be considered the same as a year of service for a regular full-time employee. For example, a regular part-time employee (e.g., 10 month employee) who worked six (6) years for the District and moves into a regular full-time position in his/her 7th year will for purposes of this section be credited with six (6) years of regular full-time service and will be allotted fifteen (15) vacation days per year until the next level of accrual and in accordance with the above.

2. Eligibility for Use of Accrued Vacation for Maintenance

Requests for vacation for the months of June, July, and August will be processed on a first come first served basis. No more than two (2) weeks may be used at one time, except in cases in which the Supervisor may approve more than two (2) weeks depending on the circumstances, and at the Supervisor's sole discretion.

E. Holidays

All hourly employees, including paraprofessionals paid hourly, shall be granted the day off with pay for each of the following holidays:

Independence Day (regular full-time employees only); if Independence Day falls on a weekend, it shall be observed on the nearest weekday

Labor Day

Columbus Day *

Veteran's Day * (when it falls on a weekday)

Thanksgiving Day

Thanksgiving Friday

Christmas Eve Day (when it falls on a weekday for regular full-time employees)

Christmas Day

New Year's Eve Day (when it falls on a weekday for regular full-time employees)

New Year's Day

Martin Luther King Day

President's Day

Pulaski Day *
Memorial Day

*In the event Columbus Day, Veteran's Day or Pulaski Day are not observed by the District, the District reserves the right to substitute, and will substitute, an alternative day off.

Any hours actually worked with Supervisor approval on a scheduled holiday shall be compensated at two and one-half times the hourly rate for all time worked.

If the State of Illinois or the District declares any of the above to be dropped from the list of recognized school holidays, that day shall no longer be a paid holiday. In such case, the wage rate of each hourly classified employee shall be increased by ten cents (\$0.10) per hour above and beyond any other increase, beginning at the start of the school year in which the change is implemented.

When a holiday falls within a period of paid leave or vacation, the holiday will be paid instead of vacation or other leave. To be eligible for holiday pay, an employee must have been employed for fifteen (15) calendar days (i.e., the first physical day of work must be at least fifteen (15) calendar days before the holiday) prior to the holiday. An employee must have worked or been authorized leave on the workday before and after the paid holiday to receive pay for the holiday.

F. School Closing

When school is canceled or shortened due to inclement weather or other emergencies, regular full-time employees shall not be required to work and shall suffer no loss or reduction in pay. Regular part-time employees shall receive no loss or reduction in pay in the event that school is closed early as a result of inclement weather or other emergencies and the shortened day qualified as a legal school day. In the event of an early closing, the released time for employees is at the discretion of the Administration. This section shall not apply to Classification IV employees. Employees who the Administration require to report to work during an emergency closing shall be paid at a rate of one and one half (1½) times the regular rate of pay.

G. Assignment

1. Job Postings – Vacancies

Any job vacancy shall be posted for a period of not less than five (5) working days (five (5) calendar days during the summer) before being permanently filled. A temporary employee may be employed during this posting period if needed; however, no position shall be permanently filled until the end of the posting period. Employees may apply for the posted position subject to the posted terms and conditions. If an employee is not selected, upon written request, the employee shall be given the reasons for the decision in writing.

2. Voluntary Transfer Between Buildings

Classified staff employees shall have a right to request a voluntary transfer between buildings for the following school term by placing such request in writing and submitting the request to the designated administrator, no later than April 30th of the preceding school year.

Timely submitted building transfer requests shall be honored if appropriate to do so after the Administration considers various factors. The Administration may consider continuity with the supervisor; overall distribution of experience and skill levels at each building; each individual classified staff employee's experience, strengths, and weaknesses; number of classified staff employees needed at each location; seniority in the District.

If the transfer is not granted, the classified staff employee, upon written request, shall receive the reasons in writing. Voluntary transfer requests to vacant positions shall not be unreasonably denied.

This subsection does not apply to changes of assignment requested within each building.

Transfer requests submitted after the April 30th deadline may be considered, but application of the provisions of this subsection shall be at the discretion of the administration.

3. Involuntary Transfer Between Buildings

Before any involuntary transfer from one building to the other becomes necessary, the Administration shall first actively seek qualified volunteers as determined in accordance with the criteria below. If no volunteers are found, the Administration shall consider continuity with the supervisor; overall distribution of experience and skill levels at each building; each individual classified staff employee's experience, strengths, and weaknesses; number of classified staff employees needed at each location; seniority in the District. No single criteria shall be determinative.

The preceding paragraph does not apply to changes of assignment within each building nor transfers as a result of reduction-in-force.

Any classified staff employee, who is involuntarily transferred, upon written request, shall receive the reasons in writing. Involuntary transfers shall not be made unreasonably. If the employee disagrees with the transfer, he/she may submit a written appeal to the Superintendent.

4. Travel Between Buildings

Classified employees who are assigned workday assignments at both campuses on the same day shall be reimbursed for travel between such high schools at the District mileage rate. Requests for mileage reimbursement shall be made within sixty (60) days.

H. Posting of Supervisory Positions

A complete listing of anticipated compensatory supervisory assignments (Saturday School, etc.) for the following school term shall be posted by electronic mail.

ARTICLE IX

LEAVES OF ABSENCE

A. Paid Leaves of Absence

1. Sick Leave

a. Sick Leave for Teachers

Each regular full-time teacher who begins the school year as a paid employee of the District shall receive a normal annual allotment of sick leave days for the new school year in accordance with the following schedule:

# of Accumulated unused sick leave days at start of school year	New sick days to be received
0-89	12
90-119	14
120-139	16
140-179	18
180+	20

All sick leave days will be allotted on the first day of school. Teachers whose employment begins “mid-year” shall receive a pro-rated number of sick leave days for the first year of employment.

b. Sick Leave for Classified Staff

Each regular full-time classified employee who begins the work year as a paid employee of the district shall be entitled to a total of fifteen (15) sick leave days with full pay per work year. Each regular part-time classified employee who begins the work year as a paid employee, shall be entitled of a total of thirteen (13) sick leave days with full pay per work year. Such sick leave shall accumulate without limit. All sick leave days will be allotted on the first day of the employee’s work year. Classified employees whose employment begins “mid-year” shall receive a pro-rated number of sick leave days for the first year of employment.

c. Sick Leave Definition and Use

Sick leave shall be interpreted to mean personal illness, quarantine at home, serious illness or death in the immediate family or household, or birth, adoption, or placement for adoption. Sick leave shall not be applicable to surgical or other procedures, which may be postponed without significant medical effect to the summer or a school holiday or vacation period. The immediate family for purposes of this Section shall include: spouse, children, parents, parents-in-law, brothers, sisters, grandparents, great-grandparents, grandchildren, brothers-in-law, sisters-in-law, sons-in-law,

daughters-in-law, and legal guardians or wards. The Administration may approve the use of sick leave for the serious illness or death of someone with whom the employee has a significant relationship who is not a member of the immediate family or household; such decision shall be non-precedential. Serious illness shall be defined as that which jeopardizes the life of the family member or a medical emergency, which confronts a family member.

d. Physician's Certificate

The Board may require a physician's certificate, or if the treatment is by prayer or spiritual means, that of a spiritual advisor or practitioner of such person's faith, as a basis for pay during leave after an absence of three (3) consecutive days for personal illness, or thirty (30) days for birth or as it may deem necessary in other cases. If the Board does require a physician's certificate or a certificate from a spiritual advisor as a basis for pay during leaves of less than three (3) consecutive days, the Board shall pay, from school funds, the expenses incurred by the teacher or other employee in obtaining the certificate.

e. Use of Sick Leave for the Birth or Adoption of the Employee's Child

Prior to the adoption of a child, the employee is entitled to use as much of the employee's own sick leave as is necessary to complete the adoption process. (e.g., court appearances, home visits, travel outside the local area). The employee shall submit documentation of the adoption process and any related adoption activities. Additionally, an employee who is in the process of adopting a child may request to use paid sick leave if other extenuating circumstances arise. In such event, the employee shall submit documentation of the extenuating circumstances. After the placement of the child, the employee is entitled to use up to thirty (30) work days sick leave of the employee's accumulated sick leave to be utilized within forty-two (42) calendar days following the placement of the child, provided the employee has thirty (30) sick leave days available.

With respect to birth, prior to the delivery of the child, the employee is entitled to use as much of the employee's own accumulated sick leave as a qualified medical professional determines is necessary as a result of an employee's disability related to pregnancy, provided that the employee submits documented proof of such determination. After the delivery of the child, the employee is entitled to use up to thirty (30) work days sick leave of the employee's accumulated sick leave to be utilized within forty-two (42) calendar days, immediately following the birth of the child, provided the employee has thirty (30) sick leave days available. If a qualified medical professional determines that the employee requires additional sick leave or disability time beyond the thirty (30) days of sick leave, then the employee shall be entitled to use additional days of accumulated sick leave upon submission of proper documentation. If such employee shall have exhausted accumulated sick leave, the employee shall be granted a leave of absence without pay, and without other benefits except as provided in the FMLA and Illinois School Code during such period of disability subject to Subparagraph B.3. Unpaid Disability Leave, and Subsection C. General Conditions for Leaves of Absence, below.

f. **Employees who Resign Before Completing Their Work Year**

An employee's right to the use of the full allotment of sick leave days in their initial year of employment with the District is premised on the expectation that he/she will remain an employee of the District for the entire year. If an employee informs the District of his/her intent to leave employment with the District prior to the end of the school term, the number of sick days granted in Subparagraph A.1.a. and A.1.b. above shall be reduced pro-rata by the portion of the school term the employee will not be employed by the District. The employee is not liable to repay the District for sick days used but not earned. This Paragraph shall not apply to employees who begin an unpaid leave of absence after the start of the school term.

g. **Informing Employees of Number of Available Sick Leave Days**

The exact number of sick leave days to which all employees shall be entitled during the school year shall be made available through the applicable employee management system.

2. **Funeral and Bereavement Leave**

Funeral leave of a maximum of three (3) workdays (which may be used in full or half-day increments) shall be granted for each death in the immediate family as defined above in Subparagraph A.1.c. and grandparents of spouse. Funeral leave of one (1) workday shall be granted for each death of an aunt, uncle, niece, or nephew if the employee utilizes such day for attendance at the funeral. Additional funeral leave may be granted by the Superintendent. Funeral leave shall be non-cumulative.

Child Bereavement Leave shall be in accordance with the Illinois *Child Bereavement Leave Act* (820 ILCS 154/1 *et seq.*).

3. **Personal Leave**

a. **Personal Leave Use and Definition**

All employees shall be allowed up to three (3) work days of personal leave each school/ work year at full pay. Unused personal leave days will not carryover to the following school/ work year, but shall accumulate as unused sick leave days.

Personal business, as defined herein, shall mean an activity that requires the employee's presence during the school/work day and is of such a nature that it cannot be attended to at a later time when school/work is not in session or at the conclusion of a working day or on weekends. Personal leave shall not include any activity producing taxable income (other than the sale of the employee's residence). Employees shall not be required to provide the specific reason for the leave, but shall affirm that such use is consistent with the provisions of this Section. Personal business may include, but is not limited to, attending weddings, graduations, and religious obligations along with taking a child to or from college.

b. **Notice for Use of Personal Leave**

Except in case of emergencies, two (2) work days written notice of the necessity for personal leave shall be submitted to the Superintendent or designee. In the case of emergency or in the event it is not possible to give the two (2) work days notice, the

emergency shall be explained to the Superintendent or designee who may grant such leave.

c. Limitations on the Use of Personal Leave

No more than two (2) personal leave days can be used on consecutive work days (e.g., Mon-Tues, Fri-Mon). The work day immediately preceding or immediately following a legal holiday or school recess shall not be recognized as a personal leave day except in a case of emergency, religious holiday or other appropriate unavoidable conflict. Additionally, personal days cannot be used on the first seven days or the last five days of student attendance unless preapproved for dropping off/picking up college dependents.

Employees may use personal leave in full or half-day increments (i.e., first four periods/hours or second four periods/hours). In an emergency, and with the principal/supervisor's prior approval, an employee may request to use less than a half day of personal leave or to use personal leave on three (3) consecutive work days. However, the granting of an exception shall be in the principal/supervisor's sole discretion and shall be non-precedential.

4. Religious Leave

In addition to the above, upon written application to the Superintendent or designee, at least five (5) days in advance, the Board shall grant an employee a leave of absence without loss of pay for a maximum of two (2) work days during each school year for the purpose of observing a recognized religious holiday of the employee's faith. This leave shall not be applicable to any religious observance which does not compel absence from employment.

5. Professional Leave

Upon approval of the principal or designee, employees may attend with full pay professional conferences, meetings, or workshops. Upon approval, employees may also be reimbursed for necessary out-of-pocket expenses incurred in such attendance. Application for leave to attend such meetings shall be submitted in writing to the principal or designee as soon as practicable. If timely application for leave is denied by the initial designee, an appeal may be brought to the Superintendent or designee.

Professional leave shall be approved and distributed among staff on an equitable and consistent basis. The Union acknowledges that equitable and consistent application does not mean pure quotas or an even numeric distribution, and that several other factors also must be considered. This Paragraph shall be considered non-contractual in nature in order to allow the parties an opportunity to monitor the issue. Consequently, grievances arising under this Paragraph shall not be processed beyond the Superintendent level.

6. Jury Duty & Court Leave for School Related Business

An employee shall experience no loss in pay or paid leave benefits because of jury duty, or for serving as a witness or appearing for a deposition pursuant to a subpoena

for a school-related matter pending in court. The employee shall submit his/her jury duty pay or witness payments to the Business Office and the Business Office shall return any portion of such pay that is designated by the court as reimbursement of the employee's travel expense. Employees required to appear for jury duty, or to testify in a school-related matter, shall immediately provide their supervisor with a copy of the summons or subpoena.

7. Accident Leave / Workers Compensation

In case of any accident or injury arising out of and in the course of employment, and while the employee is acting pursuant to Board policy, the involved employee shall make every effort to report the incident immediately according to District procedures. The Board shall continue the employee's wages in full until Worker's Compensation payments begin and after such payments begin, the Board shall pay the difference between Worker's Compensation payments and the contractual salary or wages of the employee for a period not to exceed thirty (30) calendar days. All such payments shall be without reduction in accumulated sick leave of the employee. This Paragraph shall cease to be effective on such date, as the employee shall qualify for disability benefit under the Illinois Teachers' Retirement System or the Illinois Municipal Retirement Fund.

The Board and the Union acknowledge that, at the time the parties reached a tentative agreement on the terms of this Contract, this provision was unresolved. At that time, the parties agreed to continue discussions about possible modifications to this provision. Accordingly, this provision may be modified during the term of this Contract. Any modifications will be memorialized in a written Memorandum of Understanding.

B. Unpaid Leaves of Absence

All employees may be eligible for unpaid leaves of absence for any of the following reasons, subject to the general conditions for leave (Subsection C.) and any other specific conditions which may apply as set forth below in Subparagraphs B.1. through B.8.

1. Unpaid Parental Leave – Tenured Teachers and Non-Probationary Employees

Any tenured teacher or non-probationary classified employee shall be entitled to parental leave without pay, and without other benefits except as provided in the Family and Medical Leave Act of 1993 (FMLA). Tenured teachers and non-probationary classified employees may be permitted to remain on an unpaid parental leave of absence for the balance of a school year plus up to an additional three semesters, not to exceed four semesters. Unless the Board and Superintendent agree to a different return date, the tenured teacher or non-probationary classified employee shall return to work at a semester break.

2. Unpaid Parental Leave - Non-Tenured Teachers and Probationary Classified Employees

At the discretion of the Superintendent and Board, a non-tenured teacher or a classified employee with less than two (2) full years of service, may be approved for an unpaid

parental leave without pay and without other benefits except as provided in the Family and Medical Leave Act of 1993 (FMLA), subject to Subsection C.3., Structuring of Unpaid Leaves of Absence, below, giving primary consideration to maintaining the continuity of instruction for students and ensuring that the leave is of the shortest possible duration required to meet the leave's purpose, but not to exceed the duration of unpaid parental leave available to tenured teachers and non-probationary employees as set forth above in Subsection B.1.

3. Unpaid Disability Leave

a. Eligibility

Any employee who is disabled as defined in Board Policy 5:180 and who has exhausted all available sick leave shall be entitled to disability leave without pay, and without other benefits except as provided under the FMLA subject to the conditions set forth in Subparagraph b.

b. Duration of Unpaid Disability Leaves of Absence

Unless the Superintendent and Board determine that exigent circumstances justify a longer unpaid leave of absence, the duration of unpaid leaves of absence shall not exceed the following after the exhaustion of any paid leaves which may be applicable:

<u><i>Year of Employment with the District</i></u>	<u><i>Maximum Period of Unpaid Leave</i></u>
1st Year	30 Consecutive Work Days
2nd through 4th year	60 Consecutive Work Days
5th through 15th year	90 Consecutive Work Days, or for 90 Non-Consecutive Work Days out of 120 Consecutive Work Days from the same illness or incapacity
16th year and after	120 Consecutive Work Days, or for 120 Non-Consecutive Work Days out of 180 Consecutive Work Days from the same illness or incapacity

Nothing in this Subparagraph shall be deemed to deprive any employee of any leave provided for in the FMLA or by virtue of military service.

4. Unpaid Professional Leave

Any employee may request a leave without pay or other Board paid benefits for the purpose of engaging in study at an accredited college or university and reasonably related to his/her professional responsibilities, participating in exchange teaching programs in other school districts, states, territories, or countries; foreign or military teaching programs; the Peace Corps; employee Corps of Job Corps as a full time participant in

such programs; or a cultural travel or work program related to his/her professional responsibilities; to serve as a consultant or director of a teacher center; or for other such purposes as determined by the Board and subject to the general conditions set forth in Subsection C. below.

5. Unpaid Public Office Leave

A leave of absence shall be granted to any employee for the purpose of serving in a state or national public office to the extent necessary for such activities subject to the general conditions of Subsection C. below.

6. Unpaid Part-Time Leave of Absence

Upon written request of the employee and approval of the Board, a tenured teacher or non-probationary employee may be granted a Part-Time Leave of Absence. This may be on a daily basis, on a weekly basis, or a combination of the two.

The granting of a Part-Time Leave of Absence shall have no effect on the tenure or non-probationary status of the employee.

If granted, Part-Time Leaves of Absence shall be for specific periods of time. This time period shall not be greater than one (1) calendar year; however, the employee may ask for renewal of the Part-Time Leave of Absence and it may be granted at the sole and non-precedential discretion of the Board.

Employees on Part-Time Leave of Absence shall receive pay and benefits on a basis prorated to the proportion of active non-Leave of Absence employment. Seniority shall accrue proportionately to the time actively at work. Whenever an employee works the equivalent of fifty percent (50%) or greater of a work year during one (1) or more work years (whether part of each work day for the full work year or the full work day for part of the work year), that employee shall be eligible to advance on the salary schedule the next school year. Time worked in excess of fifty percent (50%) shall not be cumulative.

7. Military Leave

The status of employees, including the contractual continued service status of teachers, who serve in the U.S. Armed Services, or any of its reserve components and the National Guard, shall be determined in accordance with state and federal laws. Employees who are absent from work because of their service in the U.S. Armed Services, or any of its reserve components and the National Guard, shall be granted leave without pay. Such leave shall not exceed five (5) years unless state or federal law otherwise requires. Employees will give prior notice of their military leave as early as possible, at least thirty (30) days prior to departure when it is feasible to do so. The re-employment rights of employees returning from military service will be applied in accordance with state and federal laws.

8. Other Unpaid Leave

Any employee may request a leave without pay, and without benefits except as provided in the FMLA and Illinois School Code, for such other purposes appropriate as determined by the Board. Any such leave the Board grants in its discretion under this section shall comply with Section C. General Conditions for Unpaid Leaves of Absence.

C. General Conditions for Leaves of Absence

Unless otherwise set forth in this Agreement, any leave of absence granted by the Board for the reasons stated in Subsection B. above is subject to the following general terms and conditions listed in paragraphs 1 through 11 below.

1. Time Lines for Requesting Leaves

Application for an unpaid leave shall be made in writing to the Superintendent or designee at least ninety (90) calendar days prior to the proposed start of the leave, except if the reason giving rise to the leave request occurs after the ninety (90) calendar day deadline, in which case the application will be made as soon as practicable. Except for parental leave or leaves for which the reason giving rise to the need for leave occurs later than the deadline, leaves for the following school year shall have applications submitted no later than February 1st of the preceding school year.

2. Medical Substantiation

a. Requests for Leave

Any request for a leave based upon personal medical reasons shall be accompanied by a physician's statement including the nature, anticipated extent, and duration of medical disability.

b. Return from Leave

If requested in writing by the District, evidence from a qualified physician indicating the employee's ability to perform all assigned duties shall be submitted at least seven (7) calendar days prior to the return of any employee on an unpaid leave for personal medical reasons.

If an employee has provided the District with a physician's statement which states that the employee is fit and able to return to work, but the District has obtained a physician's statement which states that the employee is not fit and able to return to work, then the District may require the employee to remain away from work by placing the employee on paid administrative leave without loss of sick leave until such time as the physicians of both the employee and the District are in agreement as to the fitness and ability of the employee to return to work. If the physicians are unable to agree on the employee's fitness and ability to return to work within one (1) week of being notified by the parties of the other physician's conflict of opinion, a third physician mutually selected by the District and the Union shall assess the employee's fitness and ability to return to work. Both the District and the employee agree to abide by the third physician's opinion. The employee shall reasonably cooperate with the District in assisting the physicians in making a timely determination. If the physicians agree or the third physician determines that the employee should not have returned to work, then the District shall deduct the amount of paid administrative leave which was paid out to the employee from the employee's salary or sick leave. If the physicians agree or the third physician determines that the employee should have returned to work, then the employee shall be allowed to retain the amount of paid administrative leave which was paid out to the employee.

3. Structuring of Unpaid Leaves of Absence

The employee and the Superintendent or designee shall agree on a plan for the commencement and termination of any unpaid leave of absence recommended for approval giving primary consideration to maintaining the continuity of instruction for students and ensuring that the leave is of the shortest possible duration required to meet the leave's purpose.

4. Sick Leave

Sick leave shall not be applicable during the period of any unpaid leave, except upon mutual agreement on a non-precedential basis between the employee and the Superintendent in the interests of continuity of instruction. Any accumulated sick leave available at the commencement of the leave shall be available to the employee upon return to regular employment in the District.

5. Insurance Benefits

Subject to the insurance carrier's approval, an employee on an unpaid leave of absence may maintain insurance benefits by making timely payment of all premiums which may be due to the Business Office or elsewhere pursuant to its direction. Nothing in this Subparagraph shall be deemed to deprive any employee of paid insurance benefits provided for in the FMLA.

6. Notice of Intent to Return

Any employee granted an unpaid leave shall advise the Superintendent or designee in writing no later than February 1st prior to the termination of such leave that he/she intends to return to regular employment. The District shall provide the employee a reminder of the February 1st deadline by no later than January 15th and such reminder shall include a notice of the fact that the failure to advise the Superintendent or designee of intent to return as required by this Subparagraph shall be treated as an election not to return to regular employment and as a resignation from the District.

7. Impact of Leave on Tenure Acquisition – Non-Tenured Teachers

For a school term to count toward the attainment of tenure, the non-tenured teacher must work at least one hundred twenty (120) full time employment days, provided that any days of leave under the FMLA that the teacher is required to take until the end of the school term shall be considered days of teaching or participation in the District's educational program. A school term that is not counted toward attainment of tenure shall not be considered a break in service for purposes of determining whether the non-tenured teacher has been employed for the period of time necessary to attain tenure, provided that the non-tenured teacher actually teaches or is otherwise present and participating in the District's educational program in the following school term.

8. Impact of Leave on Probationary Status - Classified Employees

a. Teachers and Regular Part-Time Employees

To be eligible for any wage or salary increases, a teacher or regular part-time employee who was on a leave of absence must actually work the entire fall semester, the entire spring semester, or, if the leave spans both semesters, the teacher or regular part-time employee must work at least ninety-one (91) days of the school year to advance to the next wage rate or salary step as though the entire year had been completed.

For purposes of advancement on the compensation schedule or receiving the regular wage rate increase, an employee shall be regularly employed one half (1/2) or more of the working days for that employee during that employee's work year, and if so shall be entitled to advancement thereon or wage rate increase as though the entire year had been completed.

The granting or denying of an unpaid discretionary leave or extension shall be non-precedential with respect to any other request for discretionary leave by an employee in the District. Nothing in this Subparagraph shall be deemed to deprive any employee of any right to a leave as provided for in the FMLA.

11. Eligibility for Further Leaves

Anything in the Section to the contrary notwithstanding, an employee who has been granted an unpaid leave of absence shall not become eligible for a subsequent leave unless and until such employee has returned to regular employment for at least one (1) complete school term, provided, under exceptional circumstances, the Board may grant such leave in its sole and absolute discretion. The granting or withholding of such leave shall be without precedential effect. Nothing in this Subparagraph shall be deemed to deprive any employee of any right to a leave as provided for in the FMLA.

Any adjustments/corrections such as unpaid leave, overtime, overpayments/underpayments, and the like shall be made as soon as practicable.

Enrollment forms must be received in the Business Office within the first thirty (30) days of employment. In the event an employee does not have a bank account, the District will provide a paper check.
5. Except as provided herein, all coaches and sponsors entitled to a stipend in accordance with Appendix B shall receive the stipend in a lump sum. However, when an employee is entitled to a stipend in accordance with Appendix B that is greater than \$1,500.00, the employee has the option to elect to receive the payment divided over twenty-six (26) pay periods in lieu of a lump sum payment. Eligible employees wishing to elect to receive payment over twenty-six (26) pay periods must provide notice of that election by August 1st of each year, unless the employee becomes a coach or sponsor mid-year, in which case the employee may elect to receive the stipend in a lump sum payment or in installments across the remaining pay periods for the year. The failure to provide notice of an election by the deadline will result in payment by lump sum. For those employees electing a lump sum payment, the end of the season for all Fall activities will be the last pay day in October. The end of the season for all Winter activities will be the last pay day in February. The end of the season for all Spring activities will be the last pay day in May. If an employee who is scheduled to be a coach or sponsor receives payment with regular salary in advance of performing the assignment and then does not perform the assignment, the District shall have the right to recover the advance payment through payroll deduction on whatever schedule it deems appropriate, with notice to that employee; alternatively, the employee shall reimburse the District the entire amount paid in advance owed to the District.

To receive the full 100% Single / 70% Dependent District contribution toward insurance, an Employee must enroll and participate in the Wellness Program. Employees who elect not to enroll and participate in the Wellness Program shall have their contribution reduced by 3% of the cost of the single premium for the insurance plan (i.e., PPO 500, PPO 750, HMO Illinois or HMO Blue Advantage) in which the Employee is enrolled. \$251 = 3% of Annual Single Premium

If an employee elects not to enroll in the Wellness Program, the contribution he/she receives toward single, employee+ spouse, employee + child(ren) or family PPO 500 health insurance coverage shall be reduced by 3% of the annual cost of the PPO500 single insurance coverage, which in this example is a \$251 annual reduction.

HMO Illinois Example

Annual Single Premium = \$6436 X .03 (3%) = \$193

\$193 = 3% of Annual Single Premium

If an employee elects not to enroll in the Wellness Program, the contribution he/she receives toward single, employee+ spouse, employee + child(ren) or family HMO Illinois health insurance coverage shall be reduced by 3% of the annual cost of the HMO Illinois single insurance coverage, which in this example is a \$193 annual reduction.

(Insurance Advisory Committee); and/or (2) that are required to be made at the initiation of the insurance carrier.

5. Life Insurance

The Board shall also contribute for employees the cost of the premium for fifty thousand dollars (\$50,000) of group life insurance. However, the amount of group term life insurance may be reduced for teachers who are seventy (70) and older in accordance with the schedule of benefits established by the group term life insurance carrier.

If either party rejects the recommendation in part or in whole or fails to take action within thirty (30) days of the recommendation, then the parties shall proceed to abide by the provisions of paragraph (d) of this subsection.

8. National Health Care Reform

For purposes of this Paragraph, fringe benefit shall be defined as any compensation other than direct wages that are received by an employee under the terms of this Agreement that are financed either wholly or in part by the employer, or by means of a salary reduction agreement between the employer and the individual employee.

If a change in applicable federal or state statute causes a previously untaxed fringe benefit to become a portion of an employee's taxable compensation, then the parties agree to reopen the Agreement for renegotiations; the Agreement shall be reopened for negotiation only to the extent necessary to deal with the specific fringe benefit(s) which has heretofore been untaxed but which may have become taxable. The sole purpose of reopening portions of this Agreement for renegotiations as described herein shall be to reduce, insofar as possible, any additional tax liability which an employee might suffer as a result of the change in applicable federal or state statute.

If a change in applicable federal or state statute causes a substantive change in the benefit level, structure, or delivery system of a fringe benefit, then the parties agree to reopen the Agreement for renegotiations; the Agreement shall be reopened for negotiation only to the extent necessary to deal with the specific fringe benefit which is subject to a change as described herein. The sole purpose of reopening portions of this Agreement for renegotiations as described herein shall be to bring applicable provisions of the Agreement in compliance with applicable federal or state statute.

Nothing in this Section shall be construed to require any increase in the Board's percent contribution as provided for in Subsection B.1. above, except that if any change in applicable federal or state statute requires a change in such contributions, then the parties agree to reopen this Agreement for renegotiations on that issue.

9. Domestic Partner

Both in person and online course work will be accepted for lane change and tuition reimbursement as long as the online course work includes interactive activities. In the context of an online course, an 'interactive' course is one in which participants must log in at the same time and interact with each other as in a face-to-face setting or one in which the interaction must be instructor lead discussion through an online forum.

All course work to be submitted for reimbursement or lane change usage must be approved by Superintendent or designee. A certified employee shall qualify for horizontal movement when official notice and transcripts covering courses completed is received by the Superintendent or his/her designee. All horizontal movement shall occur with the first check of the first semester. Revision of compensation shall occur retroactive to the beginning of the school term (first check) if unofficial notification is received prior to the first day of classes and an official transcript is received within thirty (30) days after the beginning of the school term. After a teacher completes two (2) full years of employment as a teacher in the District, he or she shall be eligible for a maximum of one (1) lane change

Longevity shall no longer appear on the salary schedule.

Horizontal Movement for Teachers on Longevity-Master Lane or Beyond:

If a teacher on longevity moves horizontally to a higher lane, for the year that the horizontal move is made, that teacher shall receive their prior year's salary, plus the difference at the last step in their lane between the old and new lanes for that year, plus the 3.5% longevity increase. For the years following, the teacher shall receive the standard 3.5% longevity salary increase of 3.5% of the teacher's prior year's salary (inclusive of the difference at Step 16 amount and the prior year's 3.5% increase) as before the horizontal move was made by the teacher.

For example, if an employee on longevity with a Masters in 2018-2019 school year making \$88,641 horizontally moves to a Masters +15 in the 2019-2020 school year, this employee shall receive \$88,641 (the prior year's salary) plus the difference between step 16 MA and step 16 MA+15, which in 2019-2020 is \$94,874 minus \$90,661 (which is \$4,213) plus 3.5% increase.

- b. must have completed at least fifteen (15) consecutive full-time teaching years of service at Warren Township High School as of his/her last teaching day with the District; and
- c. must have submitted a written irrevocable retirement notice to the Superintendent or designee, no earlier than March 1st of the fifth year prior to retirement but no later than August 1st of the fourth school year prior to retirement and must have his/her retirement application accepted by TRS within 6 months following said resignation from the District; and
- d. must have submitted a TRS verification of the employee's creditable service and earnings estimated as of his/her time of retirement; and,

Enrollment forms must be received in the Business office within the first thirty (30) days of employment. In the event an employee does not have a bank account, the District will provide a paper check.
5. Except as provided herein, all coaches and sponsors entitled to a stipend in accordance with Appendix B shall receive the stipend in a lump sum. However, when an employee is entitled to a stipend in accordance with Appendix B that is greater than \$1,500, the employee has the option to elect to receive the payment divided over twenty-six (26) pay periods in lieu of a lump sum payment. Eligible employees wishing to elect to receive payment over twenty-six (26) pay periods must provide notice of that election by August 1st of each year, unless the employee becomes a coach or sponsor after August 1st, in which case the employee may elect to receive the stipend in a lump sum payment or in installments (if the stipend is greater than \$1,500) across the remaining pay periods for the year. Those employees electing a lump sum payment, the end of the season for all Fall activities will be the last pay day in October. The end of the season for all Winter activities will be the last pay day in February. The end of the season for all Spring activities will be the last pay day in May. If an employee who is scheduled

to be a coach or sponsor receives payment with regular salary in advance of performing the assignment and then does not perform the assignment, the District shall have the right to recover the advance payment through payroll deduction on whatever schedule it deems appropriate, with notice to that employee; alternatively, the employee shall reimburse the District the entire amount paid in advance owed to the District.

***Participation in the Wellness Program**

The District shall provide a Wellness Program designed and managed by the IAC pursuant to Article XI.B.7. To receive the full 100% Single / 70% Dependent District contribution toward insurance, an Employee must enroll and participate in the Wellness Program. Employees who elect not to enroll and participate in the Wellness Program shall have their contribution reduced by 3% of the cost of the single premium for the insurance plan (i.e., PPO 500, PPO 750, HMO Illinois or HMO Blue Advantage) in which the Employee is enrolled. Employees must enroll in and annually participate in the Wellness Program

before October 15th of each year to avoid the reduction for not participating in the District's Wellness Program.

PPO500 Example

Annual Single Premium = \$8,358 X .03 (3%) = \$251

\$251 = 3% of Annual Single Premium

If an employee elects not to enroll in the Wellness Program, the contribution he/she receives toward single, employee+ spouse, employee + child(ren) or family PPO 500 health insurance coverage shall be reduced by 3% of the annual cost of the PPO500 single insurance coverage, which in this example is a \$251 annual reduction.

HMO Illinois Example

Annual Single Premium = \$6436 X .03 (3%) = \$193

\$193 = 3% of Annual Single Premium

If an employee elects not to enroll in the Wellness Program, the contribution he/she receives toward single, employee+ spouse, employee + child(ren) or family HMO Illinois health insurance coverage shall be reduced by 3% of the annual cost of the HMO Illinois single insurance coverage, which in this example is a \$193 annual reduction.

2. Time Period for Health Insurance Coverage

During the eligible classified employees first year of employment, insurance coverage shall be from as near the first day of actual work as possible through June 30th. In subsequent years of employment, the eligible classified employee's coverage shall be for 12 months (July 1 – June 30). The insurance coverage for an eligible classified employee whose employment terminates "mid-year" shall cease thirty (30) calendar days either (1) after the Board meeting approving the termination of employment, (2) after the classified employee's resignation, or (3) after the classified employee's last day of actual work, whichever is later. The insurance coverage for an eligible classified employee who retires "mid-year" from the District shall cease thirty (30) calendar days after the classified employee's retirement.

3. Dental and Vision Insurance

The Board shall also provide individual coverage under both group dental and vision insurance policies. Unless prohibited by law, the District shall offer 4-tiers (i.e., single, employee+spouse, employee+child(ren) and family) of dental and vision coverage. Except as otherwise provided herein, such coverage shall be for twelve (12) month periods commencing July 1st.

4. Changes to the Level of Hospital/Major Medical, Dental and Vision Coverage

Such group hospital/major medical, dental and vision policies of insurance as described in Article XI.B.1. above shall provide no less coverage than the policies selected by the Board and Union for the 2018-2019 insurance year, except for changes: (1) to which the Board

and the Union mutually agree pursuant to Article XI.B.7. (Insurance Advisory Committee); and/or (2) that are required to be made at the initiation of the insurance carrier.

5. Life Insurance

The Board shall also contribute for employees the cost of the premium for fifty thousand dollars (\$50,000) of group life insurance. However, the amount of group term life insurance may be reduced for employees who are seventy (70) and older in accordance with the schedule of benefits established by the group term life insurance carrier.

6. Section 125 Plan

- a. The Board shall establish an IRS Section 125 Plan. The purpose of this plan is to tax shelter employee premiums, non-reimbursed medical expenses and dependent day care costs. For dependent care costs, Employees will be allowed to deduct the maximum amount permitted by law. For non-reimbursed medical expenses, Employees will be allowed to deduct the maximum amount permitted by law, so long as it does not exceed five thousand (\$5,000) dollars annually.
- b. The Board shall pay any upfront fees and costs incurred in initiating this plan. Each employee who chooses to participate shall pay any monthly fees required for such participation.
- c. As of the start of the plan year (January 1 – December 31) following the ratification of this Agreement, the Board shall amend its Section 125 Plan to allow a two and a half (2 ½) month grace period for employees to spend down any unused FSA funds from the previous plan year. Any such funds must be spent before March 15th of the following plan year.

7. Insurance Advisory Committee (IAC)

- a. The Insurance Advisory Committee shall be comprised of three (3) members to be appointed by the Superintendent and three (3) members to be appointed by the Union President. The IAC shall meet not less than four (4) times per school year. The IAC shall advise the Board and the Union on the following issues related to all the above insurance plans, including:
 1. risk and premiums;
 2. coverage;
 3. carrier/vendor/Third Party Administrator;
 4. available options;
 5. structure of insurance coverage; and
 6. other issues related to all above insurance plans.
- b. The IAC shall receive from the District and Union all information necessary to adequately study these issues, including, but not limited to, a copy of the

preliminary renewal document, any documents modifying the preliminary renewal document and the final renewal document.

- c. An agenda of matters to be discussed by either party shall be provided to the other, in writing, no less than three (3) workdays prior to an IAC meeting.
- d. Any recommendation of the IAC shall be negotiated by both the Board and the Union prior to implementation.
- e. The IAC shall initiate its meetings by October 1st each year. It shall submit its recommendation to the Board no later than April 15th. If no recommendation is made to the Board by April 15th, then the parties shall proceed to abide by the provisions of Paragraph d. of this subsection. If either party rejects the recommendation in part or in whole or fails to take action within thirty (30) days of the recommendation, then the parties shall proceed to abide by the provisions of Paragraph d. of this subsection.

8. National Health Care Reform

- a. For purposes of this Paragraph, fringe benefit shall be defined as any compensation other than direct wages that are received by an employee under the terms of this Agreement that are financed either wholly or in part by the employer, or by means of a salary reduction agreement between the employer and the individual employee.
- b. If a change in applicable federal or state statute causes a previously untaxed fringe benefit to become a portion of an employee's taxable compensation, then the parties agree to reopen the Agreement for renegotiations; the Agreement shall be reopened for negotiation only to the extent necessary to deal with the specific fringe benefit(s) which has heretofore been untaxed but which may have become taxable. The sole purpose of reopening portions of this Agreement for renegotiations as described herein shall be to reduce, insofar as possible, any additional tax liability which an employee might suffer as a result of the change in applicable federal or state statute.
- c. If a change in applicable federal or state statute causes a substantive change in the benefit level, structure, or delivery system of a fringe benefit, then the parties agree to reopen the Agreement for renegotiations; the Agreement shall be reopened for negotiation only to the extent necessary to deal with the specific fringe benefit which is subject to a change as described herein. The sole purpose of reopening portions of this Agreement for renegotiations as described herein shall be to bring applicable provisions of the Agreement in compliance with applicable federal or state statute.

Nothing in this Section shall be construed to require any increase in the Board's percent contribution as provided for in Subsection B.1. above, except that if any change in applicable federal or state statute requires a change in such contributions, then the parties agree to reopen this Agreement for renegotiations on that issue.

9. Domestic Partner

Warren recognizes domestic partnerships for health care benefits as per applicable laws. Should the laws change to no longer recognize domestic partnerships, Warren reserves the right to maintain these benefits.

To be eligible for any retroactive wage increase, a Classified Employee must be employed by the District on the date this Agreement is ratified by both Parties.

There is an annual stipend of \$5,500 provided to one Classification I staff member at each campus to provide for oversight of the substitute requisition process.

There is an annual stipend of \$2,000 provided to one Classification III staff member at each campus to provide for support of paraprofessional assignments.

Registered Nurses may be required by Building Administration to work up to ten (10) additional days each year; the Registered Nurse and Building Administration shall work together to schedule potential additional summer workdays. Registered Nurses will be paid pro rata.

F. Service Recognition Classified Staff

A service recognition payment shall be made to any classified employee retiring from School District 121 who makes application for retirement benefits from the Illinois Municipal Retirement Fund. Such payment shall be determined by multiplying the unused accumulated sick leave days of the classified employee in excess of those days attributable toward retirement credit by twenty-five dollars (\$25). This payment shall be made in the month following the month of the employee's last day of work in the District after retirement so as not to be considered credible earnings.

G. Tax Sheltered Annuities

At the request of any employee, the Board shall make a payroll deduction to be forwarded to a tax sheltered annuity, 457 plan, or other 403(b) product of the employee's choice pursuant to the terms of the Board's 403(b) plan.

H. Appendices

The attached Appendices describing the various forms of compensation are herewith a part of this Agreement.

I. Shift Differential

In addition to the regular hourly wage rate, Classification IV classified employees shall receive a shift differential of fifty cents (\$0.50) per hour for each non-overtime actual shift hour worked between the hours of 5:00 p.m. and 7:00 a.m.

J. Longevity Pay

Each classified employee paid on an hourly rate who has completed at least fourteen (14) consecutive years of employment as determined by the employment anniversary date shall receive forty-five cents (\$0.45), (i.e., \$0.25 plus the initial \$0.20) per hour in addition to the regular rate of pay.

Paraprofessional and Technology Technician Longevity

Each paraprofessional and technology technician who has completed at least ten (10) consecutive years of employment as determined by the employment anniversary date shall receive one thousand dollars (\$1,000) in addition to the regular annual salary. K. Classified Staff Retirement Incentive

Upon written irrevocable retirement notice to the Superintendent or designee, no later than September 1st (or within ninety calendar days following execution of this or a successor Collective Bargaining Agreement, whichever is later) of the fourth school year prior to the one at the end of which the employee shall retire, the District shall increase the regular compensation for that employee to a total amount equal to five percent (5%) greater than the compensation amount earned by that employee during the preceding school year, plus and longevity, for four (4) consecutive years. That is, the employee shall receive the Retirement Incentive increase of five percent (5%) annually in place of any other raise, and not in addition to any such raise.

To be eligible:

1. the employee must be eligible to retire under the Illinois Municipal Retirement Fund;
2. must have completed at least ten (10) years of service at Warren Township High School at the time the retirement is effective;
3. must work until the date indicated on the notice of intent to retire.

For classified staff employees whose regular annual increase per Article XI.E. (Classified Employee Wages) would be greater than the 5% increases described above in Article XI.K. (Classified Staff Retirement Incentive), such employee will still give notice per the above but will receive the larger regular annual increase. In either case, all classified employees will be eligible for the below.

In addition to the above compensation increases the employee shall receive a post retirement severance payment equal to one hundred fifty dollars (\$150) for every year of completed service to Warren Township High School. The Post-Retirement payment shall be paid in lump sum in the month following the month of the employee's last day of work in the District so as not to be considered creditable earnings.

This retirement benefit is offered as an employee retention plan under Section 457(f) of the Internal Revenue Code, both as a reward for past service with the District and to further retain the services of the employee from the date of election of the retirement benefit until the date of retirement.

Tax Disclaimer

The Parties hereby agree that the Board makes no representation regarding the impact of the post-retirement severance payment on the employee's tax obligation. Any and all determinations regarding income taxes and other related tax issues shall be made by the Internal Revenue Service and other applicable governmental authority. The District shall withhold and report all taxable income pursuant to its requirements under the Internal Revenue Code and applicable regulations and guidance.

1. The coursework is completed through an approved university, approved online university or college, as posted in the Faculty Lounge or on the District's website, or approved through the criteria found herein;
2. The employee shall have attained a grade of "B" or higher or "pass" in a "pass or fail" course;
3. The employee shall submit evidence of successful completion of the course in the form of an official or unofficial transcript;
4. The employee shall submit a tuition bill.

A list of the universities and colleges that are approved for online coursework is on the District's website.

ARTICLE XII

GRIEVANCE PROCEDURE

A. Definitions

1. Any claim by the Union or an employee that there has been:
 - a. a violation, misinterpretation, or misapplication of the terms of this Agreement;
 - b. or violation, misinterpretation, or misapplication of any policy of the Board, shall be a grievance. However, classified employees and the Union on issues solely concerning classified employees may not grieve any alleged violation, misinterpretation, or misapplication of Subparagraph b herein.
2. All time limits shall consist of employee employment days, except during the summer recess when “days” as used in this Article shall mean days on which the District Business Office is open.
3. At least one (1) Union representative may be present at any meeting, hearing, appeal, or other proceeding relating to a grievance which has been formally presented. Nothing contained herein shall be construed as limiting the right of any employee having a grievance to discuss the matter informally with a supervisor and having the grievance adjusted without intervention of the Union, provided the Union has been notified at the request of the employee and the adjustment is not inconsistent with the terms of this Agreement.

B. Formal Procedure

The parties hereto acknowledge that it is usually most desirable for an employee or the Union, and the immediately involved supervisor, to resolve problems through free and informal communications. If, however, such informal processes fail to satisfy the employee or the Union, a grievance may be processed as follows:

Step 1: Immediate Supervisor

- a. The employee or the Union shall present the grievance in writing to the employee’s immediate supervisor outside the bargaining unit within fifteen (15) days of the occurrence giving rise to the grievance, or the date the employee or the Union knew or reasonably should have known of the occurrence.
- b. The grievance shall include a recitation of the claim and shall identify the provision(s) of this Agreement or the Board Policy (or Policies) of the employee or the Union believe to have been violated, misinterpreted or misapplied.
- c. The immediate supervisor shall arrange a Step 1 meeting with the employee and/or the Union to be held at an agreed upon time within ten (10) days of the supervisor’s receipt of the grievance. During the Step 1 meeting the employee and/or union will explain the grievance.

- d. Within ten (10) days of the Step 1 meeting, the employee and/or the Union shall be provided with the supervisor's written response.

Step 2: Superintendent or Designee

- a. In the event the grievance is not resolved at Step 1, or the employee or the Union is not satisfied with the supervisor's Step 1 written response, the employee or the Union President or designee shall present the grievance in writing to the Superintendent or designee within ten (10) days of receipt of the Step 1 written response.
- b. The Superintendent or designee shall arrange a Step 2 meeting with the employee and/or the Union to be held at an agreed upon time within ten (10) days of the Superintendent's receipt of the Step 2 written grievance. During the Step 2 meeting, the employee and/or the Union will explain the grievance.
- c. Within ten (10) days of the Step 2 meeting, the employee and/or the Union shall be provided with the Superintendent's written response.

Step 3: Arbitration

If the Union is not satisfied with the disposition of the grievance at Step 2 or the time limits expire without the issuance of the Superintendent's written response, the Union may submit the grievance to final and binding arbitration. The American Arbitration Association (AAA) shall be requested to provide a panel(s) of arbitrators from which one (1) shall be selected. The same procedure shall apply to Section A.1.b. of this Article as to Article A.1.a. same Section, except that it shall terminate in advisory arbitration and shall not be litigable. If a demand for arbitration is not filed within thirty (30) days of the date of the Superintendent's decision, then the grievance shall be deemed withdrawn.

- a. Neither the Board nor the Union shall be permitted to assert any grounds or evidence before the arbitrator, which was not previously disclosed to the other party.
- b. The arbitrator shall have no power to alter, expand, or enlarge the terms of this Agreement.
- c. The arbitrator is empowered to include in any award such financial reimbursement or other remedies as he/she judges to be proper.
- d. Each party shall bear the full costs for its representation in the arbitration. The cost of the arbitration and the AAA shall be divided equally between the parties.
- e. The Board shall retain a court reporter for all arbitrations and the parties shall share the cost of such court reporter and the arbitrator's copy of the transcript.

C. General Provisions

1. If the Union and the Superintendent agree, Step 1 and/or Step 2 of the grievance procedure may be by-passed and the grievance brought directly to the next step.
2. Grievances involving more than one (1) supervisor may be initially filed at Step 2.
3. The Board acknowledges the right of the Union's grievance representative to participate in the processing of a grievance at any formal level, and no employee shall be required to discuss the grievance if the Union's representative is not present.
4. A Union representative may be present at any level of the proceedings provided herein at the request of the employee involved therein.
5. When an employee is not represented by the Union, on its request, the Union shall have the right to have its representative present to state its view at all formal stages of the grievance procedure.
6. The Board and the Administration shall cooperate with the Union in its investigation of any grievance, and, further, they shall furnish the Union with readily available relevant information requested for the processing of any grievance.
7. An employee who participates in these grievance procedures shall not be subjected to discipline or reprisal of any kind because of such participation.
8. The failure of an employee or the Union to act on any grievance within the prescribed time limits shall act as a bar to any further appeal and an administrator's failure to give a decision within the time limits shall permit the grievant to proceed to the next step. The time limits, however, may be extended by mutual agreement.
9. Should the processing of any grievance require that an employee or a Union representative be released from his/her regular assignment, he/she shall be released without loss of pay or benefits.
10. Hearings and conferences other than arbitration hearings under this procedure shall be conducted at the District at a time which shall afford a fair and reasonable opportunity for all persons, including witnesses entitled to be present, to attend and shall be held, insofar as possible, after regular school hours, or during non-teaching time of personnel involved. When such hearings and conferences are held, at the option of the Administration, during school hours, all employees whose presence is required shall be excused, with pay, for all such purposes. The location of arbitration hearings shall be alternated between the District and an office of the Union provided the Union has an office location available in Gurnee.
11. All documents dealing with the processing of a grievance shall be filed separately from the personnel files of the participants.
12. A grievance may be withdrawn at any level without establishing precedent.

Appendix B

Co-Curricular Positions

A. Compensation

All employees hired into a co-curricular position will be paid as noted in Appendix B.

B. Appendix B Committee

The Administration will convene a committee a minimum of twice yearly, once a semester, to plan and evaluate Appendix B positions. The committee will be made up of an equal number of Administrators and Union Members. The role of the committee will be to review and evaluate existing Appendix B positions, possible new positions and categories for any new or existing positions, and reallocation of stipends if a program (i.e., football, baseball) loses a level (i.e., FROSH, junior, varsity, varsity) for competition or student interest/participation in a club declines. The committee will decide the rules and norms for the committee which shall be kept under separate cover. Each year the Appendix B Committee will inform the faculty and staff of the procedures and deadlines for applying for a new position and/or reconsideration of placement to Appendix B. The committee will evaluate each proposed change and then forward the proposed changes that meet the committee's approval to the Superintendent and Union President who review the committee's recommendations. A proposal must have the support of both the Superintendent and the Union President before it will be presented to the Board of Education. The proposal is then sent to the Board of Education for review and approval. Ultimately, the Board of Education will make the final decision regarding proposals. The Superintendent, or designee, will inform all coaches and sponsors who submitted proposals of the final recommendations.

C. Extra-Curricular Assignments

Posting and Offering Requirement

Assignments of positions listed in Appendix B except Head Coaching or external assistant coaches with four (4) or more years of experience in that sport at WTHS, shall be offered first to district personnel qualified for the positions and who shall fulfill all aspects of such positions before offering them to others. For Head Coaching positions, assignments shall be offered first to district personnel who apply and who have equal or greater qualifications than external applicants for the same position before offering them to others. All vacancies in the positions listed in Appendix B shall be posted in the staff bulletin for a period of not less than five (5) consecutive school days before any such position is filled, or if it is during the school term, may instead be sent to all employees via electronic mail which shall remain available for response for five (5) consecutive school days. Whenever it is known that a position for the following school year will be vacant, the posting or e-mail notification shall occur before the end of the school term preceding the start date of the position. In case of emergency, as determined by the Superintendent, nothing shall prohibit the Board from employing an individual on a temporary basis until the position is filled pursuant to this Section.

D. Appendix B: Co-Curricular

1. District employees who are coaches and have a break in service should get all years back if returning to the same sport.
2. Placement on the new 10 step schedule: A coach/sponsor's current step carries over to the new schedule, plus one year for the beginning of the 18-19 year. (EX: A sponsor who was on step 6 of 20 in 17-18 is now on step 7 of 10 in 18-19 or a sponsor who was on step of 6 of 20 in 13-14, took a break in service, is on step 7 of 10 in 21-22).
3. Any internal Coach/Sponsor who adds and/or transfers coaching to another parallel sport will be granted credit for all years of coaching experience at WTHS. Parallel sports are baseball to softball, cross country to track or the same sport for girls and boys teams. Any internal Coach/Sponsor who adds or transfers coaching to another sport/club starting with the 2018/19 school year (other than a parallel sport) will be granted a pro-rated placement on the Appendix B pay schedule as follows:
 - a. 1-3 Years prior experience at WTHS = Step 1
 - b. 4-6 Years prior experience at WTHS = Step 2
 - c. 7-8 Years prior experience at WTHS = Step 3
 - d. 9+ Years prior experience at WTHS = Step 4

This section shall not apply to a coach who becomes a sponsor or a sponsor who becomes a coach.

4. Annually there will be a 2% increase to the base for Appendix B for the life of the contract.
